DISPLAYS

Your artwork will be dye sublimated on polyester double knit.

Your artwork will be dye sublimated on recycled polyester knit or biodegradable media on select displays.

Your artwork will be dye sublimated on recycled polyester knit or block-out fabric on select displays.

## GOOD GeoMetrix

(See page 174 in our 2025 Product Guide)

Lightweight aluminum spring-action pop-up frame.

Graphic panels feature reinforced buttonholes that attach to pins on the frame's hubs.

Hardware is covered by a one-year warranty.

## BETTER EuroFit

(See pages 160-163 in our 2025 Product Guide)

Durable aluminum frame with push-button connectors and labeled joints.

Double-sided graphic cover slides over the frame like a pillowcase.

Hardware is covered by a one-year warranty.

## BEST Splash

(See pages 178-179 in our 2025 Product Guide)

High-grade aluminum frame with scissor construction and bayonet locking system.

Hook-and-loop fasteners make graphic panel installation simple.

Hardware is covered by a two-year warranty.

## VERSATILE LAYOUT

Fabric panels give you countless options for setting up a creative display.

## MODULAR SYSTEM

EuroFit systems are infinitely expandable. Using the EuroFit Connector, individual displays can be hinged together for unique layouts. US Patent #9637963

## BUILT TO LAST

Splash frame is designed for stability, with durable rectangular extrusions and a solid, sturdy footprint. US Patent #9214104
